

# North Dakota State Quarter Comment Card

Design A

Design B

Will it be bison in the Badlands or geese flying over North Dakota's varied terrain? Now is your chance to voice your opinion. The North Dakota State Quarter Commission is asking interested citizens to tell them what they think. Although the designs can no longer be altered and additional ideas cannot be considered, there is still time to let your opinion be heard. Tell us which of the two designs you prefer and why:
